Sixty Five Years of Good Christian - Muslim Relations in Africa - 1959 - 2024

“... SO FAR AS IT DEPENDS UPON YOU, LIVE PEACEABLY WITH ALL”

ROMANS 12:18

OVERVIEW

The Programme for Christian-Muslim Relations in Africa (PROCMURA) is a Pan-African Christian organisation founded in 1959 with the objective of building good relationship between Christians and Muslims across the continent.

PROCMURA has, for over the past sixty five (65) years of her existence, been working in an interfaith environment in Africa and has been actively promoting Christian initiatives in witnessing the gospel in a religiously pluralistic environment and constructive engagement with Muslims for peace and peaceful coexistence in Africa.

The journey to where we are at today, has numerous stories, lessons, challenges, pain and success stories that came as a result of the dedication, commitment and support from people all over the world.

VISION STATEMENT

A continent where Christian and Muslim communities in spite of their differences, work together for justice, peace and reconciliation, towards the holistic development of the human family.

MISSION STATEMENT

Faithful Christian witness to the Gospel in an interfaith environment of Christians and Muslims that respects the spirit of good neighbourliness and Christian constructive engagement with Muslims for peace and peaceful coexistence.

OVERALL GOAL

To see an African continent where Christians and Muslims uphold the principles of religious freedom and all that it entails; constructively relate to promote peace in the society and peaceful coexistence between Christian and Muslim communities; jointly respond to environmental challenges.

NICHE

Founded in 1959, PROCMURA is the oldest and sole Pan African Christian organisation dedicated to Christian and Muslim constructive relations to attend to various issues of mutual concern to the two communities and the wider society. Well established in twenty (20) African countries and visible in many more others, PROCMURA has well-trained grassroots workers (men and women) to attend to the growing complexity of Christian-Muslim relations.

ESSENCE AND STATUS

PROCMURA as its name makes clear is a programme for Christian and Muslim Relations and not for Christian and Muslim dialogue. PROCMURA holds that, in the Christian and Muslim encounter, building relations is the foundational base for any constructive engagement including dialogue to understand and in some instances to resolve differing issues. Dialogue in PROCMURA's thinking can be sterile if good relations are not promoted and worked on to become the norm.

PROCMURA's Status is that of a Faith Based Organisation (FBO) that is a movement and not an institution. Registered in Kenya as a Civil Society Organisation (CSO).

OUR CORE MANDATE

Our mandate is in two-fold:

- i. *To promote among the Churches in Africa, faithful and responsible Christian witness in an interfaith environment of Christians and Muslims that will promote and not unduly jeopardise the spirit of good neighbourliness.*

- the spirit of good neighbourliness.*
- ii. *To promote Christian constructive engagement with Muslims, so that together, members of the two communities can work towards the promotion of peace and peaceful coexistence, and embark on joint actions on issues that militate against the development of society.*

GUIDING PRINCIPLES

PROCMURA being a Christian organization that extends a hand of friendship to our Muslim brothers and sisters, and indeed to those from all other religions in Africa and world over, is guided by a set of guiding principles as outlined herein among others;

- We believe in understanding and respecting religious differences; upholding religious freedom and all that it entails.*
- We believe that the peace of God that surpasses all understanding can only be found in community based upon right relations. Through our work, be it at the local, regional or global level, we seek to build community by supporting and aligning with all others that struggle for peace, justice and the integrity of creation, seeking to*

uphold God's inclusive call to promote the dignity of all human beings.

- iii. We believe in stewardship over resources entrusted to us by God. In this respect, we seek to make the best use of resources at our disposal.*
- iv. We believe in commitment to professionalism and hard work. This demands the mobilisation of all resources at our disposal; to give of our best and in keeping with our mission and vision.*
- v. We believe that in Christian-Muslim relations, the development of the youth for tomorrow's world begins in today's world.*
- vi. We believe in gender equity in our staffing and service delivery with positive discrimination by ensuring that women issues in Christian-Muslim relations are part of our core programme.*
- vii. Finally, and perhaps most importantly, we believe that Christian witness is part of Christian identity and therefore obligatory, as Christian vocation in working for peace and peaceful co-existence is also mandatory. For Jesus the Christ who said "...you are my witnesses in Jerusalem, and in all Judea and Samaria and to the ends of the earth" (Acts 1:8) is the same Jesus who is referred to as "Prince of Peace" (Isaiah 9:6).*

THE ORGANIZATION'S STRUCTURE

PROCMURA governance and administration operates on a two (2) tier structure, made up of a General Council and a General Secretariat. The General Council is the policy-making body of the organisation.

The Executive Committee oversees the implementation of laid down policies. The administration operates from its Central Office in Nairobi, Kenya, and is the brain house of the organisation's ethos in its commitment to serve the churches in their bid to constructively relate with the Muslim communities, in virtually every aspect of human and religious endeavours.
